

**LSE Building Preservation Ltd t/a MacLennan**  
**Environmental Policy Statement**

LSE Building Preservation Ltd t/a MacLennan is committed to the conservation and improvement of the environment and recognises it's responsibility to manage and minimise the environmental impacts of our activities, products and services. The following steps are taken to ensure of commitment is effective:

- To identify the significant environmental impacts of our activities.
- To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimise our significant environmental impacts during normal, abnormal and emergency conditions.
- Comply with relevant legislation, regulation and other requirements relating to our significant environmental impacts.
- To prevent pollution, minimise our inputs of utilities and resources and the outputs if emissions to the atmosphere, effluents to waters/sewers and wastes to disposal facilities; endeavouring to re-use, recover or recycle materials where practicable, or safe disposal where not.
- Take into account the principles of sustainable development in conducting it's administrative, commercial and social activities, using the procurement of materials from local, sustainable sources.
- To ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation through the provision of appropriate training.
- To understand that suppliers and contractors understand the Company Policy and assist them in developing appropriate systems and a responsible approach with regard to environmental issues.
- To communicate, co-operate and respond to the views of interested parties, including stakeholders, customers and the general public, on environmental issues. Where this is practicable and likely to result in an overall improved environmental performance.
